WESTLAKE -- Dove Road in Westlake will be closed for four months during construction starting April 16, so commuters should plan accordingly.

Areas from Vaquero to Paigebrooke subdivisions will be affected, including the Dove Road/Pearson Lane intersection, with only property owners allowed access, according to a Westlake press release.

Traffic will be re-routed via Randol Mill Avenue to Fawkes Lane to Summer Lane. The improvements, part of a \$4.6 million economic development agreement with Hillwood, include a new drainage structure at the creek west of the Fire Station, stabilization of the road subgrade, and new asphalt and turn lanes at Pearson Lane.

For information contact Westlake's Public Works Director Jarrod Greenwood at 817- 680-1422.
