They call it a perennial favorite "FUN"draiser to benefit Westlake Academy, as hundreds came to the 12th annual Westlake Academy Foundation Gallery Night benefit auction at Texas Motor Speedway.

The event included silent and live auctions and dancing with a "Black and White Masquerade" theme.

In collaboration with the Westlake Public Art Society, professional artists-in-resident worked with students to create art pieces for the auction.

Proceeds will benefit Westlake Academy for classroom equipment, campus and gym needs, specialized curriculum, staff development and technology upgrades.

Last year the foundation raised more than than \$292,000 at the event.
