TOWN OF WESTLAKE WESTLAKE ACADEMY BOARD OF TRUSTEES POLICY

Policy No. 1.01:

Date Board Adopted: May 4, 2009

Date Board Amended: April 3, 2017

Effective Date: April 3, 2017

Policy Category: Admissions

Policy Name: Proof of Residency

Policy Goal: Clear and concise communication for students and parents regarding the criteria to establish residency status for individuals seeking admission to Westlake Academy and development of a process/criteria for the consideration of documentation from Westlake resident grandparents that they are providing substantial after school care for their grandchild seeking admission to Westlake Academy.

Policy Description: If, during the enrollment period, Westlake Academy receives more applications from eligible applicants than there are spaces available in a class, then admission shall first be offered to eligible applicants residing within the Academy's Primary Boundary, which is consistent with the geographic boundaries of the Town of Westlake. The parent, legal guardian, or other person having lawful control of an applicant seeking admission as a resident of the Primary Boundary must provide proof of residency within the boundaries of the Town of Westlake.

Required Documentation to Establish Residency in the Primary Boundary

An applicant's parent, legal guardian, or other person having lawful control shall provide one or more of the following documents as proof of residence within the boundaries of the Town of Westlake:

- Tax receipt from the current year indicating homestead property ownership;
- Current lease agreement (subject to additional requirements below);
- Current utility bill for the primary residential structure in the name of the applicant's parent, legal guardian, or other person having lawful control; or
- Valid, fully-executed real estate earnest money contract to purchase or build residential structure (subject to additional requirements below).

In addition to one of the documents identified above, the parent, legal guardian, or other person having lawful control must provide a photo identification card that includes the person's photograph, name, and an address that matches the address included on the document provided from the list above. Acceptable photo identification cards shall include a current and valid state-issued driver's license, a Texas identification card, a military or government-issued identification card, or a consular card. Westlake Academy will not accept a credit card, debit card, or any club or retail membership card for proof of residency, even if such card includes a photograph.

An applicant relying on a residential lease to establish residency must provide a copy of a fully-executed lease with a lease-term that extends for the entire time period the applicant intends to rely upon the lease to document residency. A residential lease shall be considered acceptable documentation to establish residency only if the leased premises is the primary residential structure on a property. Any family/person who executes and submits a lease to document residency in the Primary Boundary without occupying the leased property for as long as the applicant's child attends the Academy, shall subject their child(ren) to immediate removal from the school and such action may be considered fraudulent activity, unless documentation of another Primary Boundary residence is provided.

An applicant relying upon a contract to purchase an existing home to establish residency must also provide additional documentation of a closing date and intent to inhabit the residence, which must occur within the first 90 days of the date the student seeks to enroll. An applicant relying upon a contract to build a new residence to establish residency must also provide documentation of an approved building permit from the Town of Westlake and written notice from the builder confirming the slab/foundation was poured prior to submitting the application for enrollment. The applicant must also provide documentation from the builder of the estimated completion date for the new residence, which must occur within the school year the student seeks to enroll. In addition to these initial documentation requirements, the applicant will be required to submit verification, according to a schedule identified by the Town, of the completion of major construction milestones for the home including, but not limited to, framing, dry wall, masonry, roofing, plumbing, and electrical work. Responsibility for providing documentation of the milestones identified by the Town shall be the homeowner's sole responsibility. Failure by the homeowner to submit any or all of the milestone verifications may result in the Academy unilaterally un-enrolling the student. Extensions to the deadlines identified in this policy or by the Town may be granted by the Superintendent if, in the Superintendent's sole discretion, extenuating circumstances justify a reasonable extension. It is anticipated that an extension would not exceed ninety (90) calendar days.

Applicants relying upon a contract to purchase or build a home to establish residency within the Primary Boundary must submit proof of residency within the Secondary Boundary at the time the application is submitted, and must provide the required documentation of residency at the Primary Boundary address within 30 days of

occupying the Primary Boundary residence. Failure to provide required documentation may result in a student's immediate withdrawal from the Academy.

For a single-family residence, only one structure shall be recognized per legal address. Secondary structures such as garages, garage apartments, cabanas, pool houses, or cottages that are co-located on the property where the primary residential structure is located, but are not recognized with a separate legal address, are not eligible to establish residency under this policy. Further, a lease shall be accompanied with a utility bill showing that the utility service for the leased residential premises is in the name of the person leasing the primary residential structure.

Nonresident Student in Grandparent's After-School Care:

A student seeking admission to Westlake Academy, **after August 1, 2015**, as a resident of the primary boundary due to a grandparent providing substantial after-school care for the student shall provide the required proof of residency based on the grandparent's Westlake residence and will be subject to the admission policy applicable to all Westlake residents regarding their continued enrollment. The grandparent must annually provide a notarized affidavit, on a form provided by Westlake Academy, confirming the extent of after-school care to be provided by the grandparent.

The Superintendent shall have authority to approve such admission applications in accordance with the following criteria: a minimum of ten (10) hours per week of documented after-school care provided by the grandparent at the grandparent's Westlake residence.

Required Documentation to Establish Residency in Secondary Boundary

If all eligible applicants from the primary boundary are admitted and the Academy chooses to admit transfer students from the secondary boundary, the same types of documentation identified above shall be used to establish residency within the Academy's secondary boundary.

Residency Review

A Westlake Academy representative may make periodic visits to a residence to verify that the student is actually living at the address provided on the enrollment application or is entitled to enrollment as a resident because of after-school care provided by a grandparent. A person who presents false information or false records to obtain admission to Westlake Academy commits a criminal offense and is subject to prosecution under Texas Penal Code Section 37.10.

Proof of residency shall be waived when a student is homeless as defined by law.

Policy No. 1.02:

Date Board Adopted: **May 4, 2009**

Date Board Amended: **June 1, 2015**

Effective Date: **June 1, 2015; contingent upon TEA approval**

Policy Category: **Admissions**

Policy Name: **Westlake Academy Admissions Policy**

Policy Goal: Communication/Transparency of student and parent requirements for admission into Westlake Academy; Engagement of stakeholders and fiscal stewardship

Policy Description:

Applications from new students are accepted from December 1st through January 31st. Currently enrolled students receive a *Notice of Intent to Return* form the first week of January. This form asks students to state whether they intend to return to Westlake Academy the following school year and to identify any siblings who wish to attend Westlake Academy the following year. This form must be returned by January 31st.

Currently-enrolled students, admitted after August 1, 2015, expressing a desire to return and who continue to reside within an approved geographical boundary are automatically enrolled for the following school year upon timely receipt of the *Notice of Intent to Return* form, subject to the following limitations: (1) a currently-enrolled student who originally obtained admission to the Academy based on the student's residency in the primary geographic boundary; and (2) a currently-enrolled student who obtains admission as the child of a full-time Town of Westlake employee retains the right to re-enrollment only if the student's parent continues to be employed by the Town of Westlake on a full-time basis. Vacancies in each class are then determined.

If the number of eligible applicants does not exceed the number of vacancies, then all eligible applicants who timely applied will be offered admission. If there are more eligible applicants than available spaces in a class, then admission shall first be offered to eligible applicants residing within the geographic boundaries of the Town of Westlake (primary geographic boundary). After consideration of all eligible applicants from the primary geographic boundary, Westlake Academy may admit eligible transfer applicants residing within the secondary geographic boundary.

If the number of eligible transfer applications exceeds the number of vacancies, the admission of transfer applicants from the secondary boundary shall be determined by lottery, except that the following applicants are exempt from the lottery and may be given priority in admission, subject to the limitations identified. Exempt transfer applicants will be admitted in the following order:

- (1) the children of Town of Westlake employees, so long as the total number of students admitted under this exemption as the children of employees assigned to municipal duties constitutes only a small percentage of the total school enrollment and the number of students admitted as the children of employees assigned to Westlake Academy constitutes only a small percentage of the total school enrollment; and
- (2) the children of Founders of Westlake Academy, so long as the total number of students admitted under this exception constitutes only a small percentage of the total school enrollment; and
- (3) siblings of admitted or returning students.

All eligible transfer applicants will be placed in the lottery. A name will be drawn for each vacancy that exists, and each applicant whose name is drawn will be offered admission. The remaining names will be drawn and placed on a waiting list for each grade level in the order they are drawn. If a vacancy arises, the individual on the waiting list with the lowest number assignment will be offered admission.

Applicants are not required to provide copies of transcripts or other academic records prior to enrollment. In addition, a student will not be precluded from enrolling due to Westlake Academy Charter School's failure to receive the information required for enrollment from the student's parent and/or previous school.

Westlake Academy Charter School does not discriminate in admissions based on gender, national origin, ethnicity, religion, disability, academic, artistic, or athletic ability or the district the child would otherwise attend.

Westlake Academy will not enroll any student with documented histories of a criminal offense, juvenile court adjudication, or discipline problems under Texas Education Code Chapter 37, Subchapter A. The Academy further reserves the right to remove a student per the Discipline Policy / Code of Conduct should it become known that a student has a history of criminal offense, juvenile court adjudication or discipline problems, which was not disclosed upon application to the school.

Policy Description: Westlake Academy encourages the use of electronic records and electronic signatures whenever their use can increase efficiency and save resources, so long as their use meets legal and security requirements.

Both state and federal law authorize the use and acceptance of electronic signatures. In response to the Electronic Signatures in Global and National Commerce Act (E-Sign), Texas adopted the Texas Uniform Electronic Transaction Act. Consistent with federal and state law, Westlake Academy adopts the following definitions related to the use of digital signatures in electronic transmissions.

"Digital signature" means an electronic identifier intended by the person using it to have the same force and effect as the use of a manual signature. Examples can include a digitized image of a handwritten signature, a code or personal identification number (PIN), and a mouse click on an "I accept" or "I approve" button.

"Electronic record" is a record created, generated, sent, communicated, received, or stored by electronic means. A "record" is information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form. Financial and other documents or forms are records. An "electronic transaction" is a transaction conducted or performed, in whole or in part, by electronic means or electronic records. "Electronic" relates to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

To the fullest extent permitted by law, a digital signature may be used to authenticate a written electronic communication sent to Westlake Academy. The Academy agrees to accept an electronic signature or “e-signature” as legally binding and the equivalent to handwritten signatures to signify an agreement.

Policy No. 3.02:

Date Board Adopted: August 3, 2009

Date Board Amended: August 10, 2016

Effective Date: August 10, 2016

Policy Category: Parent, Student and Faculty Relations and Expectations

Policy Name: Attendance

Policy Goal: To encourage attendance and outline student and parent requirements

Policy Description:

Regular and consistent attendance is required to achieve academic success at Westlake Academy. Poor attendance is a major contributing factor toward receiving unsatisfactory grades and results in an additional commitment of after school hours to complete make-up assignments and review of class lecture notes. Students are required to be in school except in the case of emergency, illness or religious observance. Unless otherwise exempted by the Heads of Section, students must be present at least 90% of the school days.

In addition, the Texas Education Code §25.085 mandates compulsory attendance for students who are at least six years old as of September 1st of the applicable school year. The law requires a student to attend public school until the student's 18th birthday, unless the student is exempt under § 25.086. This requirement is enforced through §§ 25.093 and 25.094.

Westlake Academy requires cooperation from parents in the matter of school attendance and punctuality. Parents should:

- Ensure your child arrives and is picked up on time each day. Families who do not pick up their students by the time specified in the Parent/Student Handbook may be subject to a late pick up fee after the second offense.
- Schedule routine medical and dental appointments after school hours when possible.
- Schedule family vacations during the school's vacation days and notify the school prior to any planned absence.
- Parents should inform the office before 10:00 am of any absences.

Parents must notify the school office via signed note of the absence or it will be marked "unexcused". An absence is excused under the following conditions:

1. Personal illness
2. Major religious holiday of the family's faith
3. Emergency doctor or dental appointments which cannot be made after school
4. A death in the family or death of a close friend
5. Other necessary and justifiable reasons as excused by school administrators

The Academy may initiate withdrawal of a student under the following conditions:

1. The student or parent fails to complete the Academy's registration process after documented attempts to contact the student/parent; or
2. The student is absent for five consecutive school days without notice and efforts by administrators to contact the student or parent are unsuccessful.

Additional procedural information as it relates to attendance shall be recorded and published in the Parent/Student Handbook on an annual basis.

3. Procedures for providing notice of an incident of alleged bullying to:
 - a. A parent or guardian of the alleged victim on or before the third business day after the date the incident is reported; and
 - b. A parent or guardian of the alleged bully within a reasonable amount of time after the incident;

4. Procedures for investigating a reported incident of bullying, including taking prompt interim action calculated to prevent bullying during the course of an investigation, if appropriate;
5. Procedures for determining whether the reported incident of bullying occurred, reporting the investigation findings, and appealing the findings of the investigation;
6. Opportunities for access to counseling for a student who is a victim of or a witness to bullying or who engages in bullying.

Academy staff shall take all reasonable measures to respect the privacy of a complainant, a person against whom a complaint is filed, and any witnesses or persons contributing information to a bullying investigation. However, limited disclosures may be necessary in order to conduct a thorough investigation.

Disciplinary Consequences

If the results of an investigation indicate that bullying occurred, the Academy shall impose appropriate disciplinary consequences in accordance with the Westlake Academy Code of Conduct and may take other corrective action that is reasonably calculated to address the conduct. In the event an investigation concludes that improper conduct occurred that did not rise to the level of bullying, as defined by this policy, the Academy may take appropriate action in accordance with the Student Code of Conduct or any other corrective action deemed appropriate by Academy administrators.

Any conduct that constitutes bullying, including cyberbullying, shall be considered a serious offense that may result in a student's expulsion from Westlake Academy.

A student shall be expelled if the student:

1. Engages in bullying that encourages a student to commit or attempt to commit suicide;
2. Incites violence against a student through group bullying; or
3. Releases or threatens to release intimate visual material of a minor or a student who is 18 years of age or older without the student's consent.

Westlake Academy will not impose disciplinary action against a student who, after an investigation, is found to be a victim of bullying, on the basis of that student's use of reasonable self-defense in response to the bullying.

Any disciplinary action related to bullying imposed on a student with a disability will comply with applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 *et seq.*).

Even after initiating the formal complaint process, students and parents are encouraged to seek informal resolution of their concerns. A student or parent may withdraw a formal complaint at any time if the concerns are resolved. The process described in this policy does not create new or additional rights beyond those granted by law or Board policy.

General Provisions

- “Complaints” and “Grievances” have the same meaning.
- Complaints arising out of an event or a series of related events must be addressed in one complaint. A student or parent may not bring separate or serial complaints arising from any event or series of events that have been or could have been addressed in a prior complaint.
- Complaints and appeal notices must be in writing and may be filed by hand-delivery, fax, e-mail, or U.S. Mail. Hand-delivered filings shall be timely filed if received by the appropriate administrator or designee by the close of business on the deadline. Fax and e-mail filings shall be timely filed if they are received on or before the deadline, as indicated by the date/time shown on the fax or e-mail copy. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.
- A student may be represented by an adult at any level of the complaint. The student or parent may designate a representative through written notice to the Academy at any level of this process. If the student or parent designates a representative with fewer than three days’ notice to the Academy before a scheduled conference or hearing, the Academy may reschedule the conference

or hearing to a later date, if desired, in order to include the Academy's counsel. The Academy may be represented by counsel at any level of the process.

- All time limits shall be strictly followed unless modified by mutual written consent. If a complaint or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the student or parent, at any point during the complaint process. The student or parent may appeal the dismissal by seeking review in writing within ten days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Level One

Formal complaints must be:

1. In writing, dated, and must describe the subject matter of the complaint, the date of the occurrence(s), and identify any persons with knowledge of the alleged complaint;
2. Filed within 10 days of the date the student or parent first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
3. Submitted to the lowest level administrator who has the authority to remedy the alleged problem.

In most circumstances, students and parents shall file Level One complaints with the campus principal. If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint was received and should immediately forward the complaint to the appropriate administrator.

The appropriate administrator shall investigate as necessary and may hold a conference with the student or parent within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

The administrator shall provide the student or parent a written response within ten days of receiving the complaint or within ten days following the conference, whichever is later. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

Level Two

If the student or parent is not satisfied with the Level One response, or if the time for a response has expired, the student or parent may request a conference with the Superintendent or designee to appeal the Level One decision. The appeal notice must be filed in writing, within five days of the date of the written Level One response or, if no response was received, within five days of the Level One response deadline.

Upon notice of the appeal, the Superintendent or designee shall review the Level One record including:

1. The original complaint and any attachments.
2. All other documents submitted by the student or parent at Level One.
3. The written response issued at Level One and any attachments.
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Superintendent or designee shall hold a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues presented at Level One and identified in the Level Two appeal notice. At the conference, the student or parent may provide information concerning any documents or information included in the Level One record. The Superintendent or designee may set reasonable time limits for the conference.

The Superintendent or designee shall provide a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Superintendent or designee may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the Superintendent or designee believes will help resolve the complaint.

Level Three

If the student or parent did not receive the relief requested at Level Two or if the time for a response has expired, the student or parent may appeal the decision to the Board. The appeal notice must be filed in writing within ten days of the date of the written Level Two response or, if no response was received, within ten days of the Level Two response deadline.

The Superintendent or designee shall inform the student or parent of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board. The Superintendent or designee shall provide the Board the record of the Level Two appeal. The student or parent may request a copy of the Level Two record. The Level Two record shall include:

1. The Level One record.
2. The notice of appeal from Level One to Level Two.
3. The written response issued at Level Two and any attachments.
4. All other documents relied upon by the administration in reaching the Level Two decision.

If at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the student or parent notice of the nature of the evidence at least three days before the hearing.

The presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the student or parent and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Level Three presentation shall be recorded.

The Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

Policy Goal: Pursuit of the Academy’s mission/vision for effective education via a teacher-student-parent partnership which promotes positive parent and community involvement at Westlake Academy through a volunteer program constructed according to appropriate policy guidelines.

Policy Description:

The purpose of this policy is to provide overall guidance and policy direction to faculty, staff, and volunteers regarding Westlake Academy’s volunteer program. Westlake Academy’s Board of Trustees supports the use of volunteers, subject to the requirements of this policy, as a means to utilize the many abilities and talents of volunteers to enhance the educational experience for Westlake Academy students. It is recognized that volunteers provide the staff and students at Westlake Academy with resources and talents that would otherwise not be affordable or would require use of scarce Academy budget dollars to acquire.

Unless specifically stated herein, this policy applies to all volunteers in all programs and projects undertaken at or on behalf of the Academy.

Accordingly, it is appropriate for Westlake Academy staff to develop processes and procedures to manage and administer a volunteer program within the following policy boundaries:

- Westlake Academy volunteers are those individuals who choose to perform services for the Academy as defined by Academy staff without compensation or expectation of compensation of any kind. Volunteers are not employees of Westlake Academy.

- Anyone interested in volunteer service at Westlake Academy shall first apply by completing a volunteer application packet, which is available at the Academy office and on-line.

 3. The approved volunteer completes annual mandatory training, including completion of training on the Family Educational Rights and Privacy Act (FERPA) conducted by Academy staff, and signs the Academy's Learning Commitment.
- Approved volunteers will be assigned tasks and duties based upon the needs of the Academy as identified by Academy staff. Volunteers will access their volunteer work stations at the Academy via the campus security system established by staff.

Date Board Adopted: August 16, 2010

Date Board Amended: June 1, 2015

Effective Date: June 1, 2015

Policy Category: Parent, Student and Faculty Relations and Expectations

Policy Name: Academic Honesty and Honor Code

Policy Goal: To establish a standard for academic honesty and the expectations relative to an honor code for Westlake Academy

Policy Description:

A component of the mission statement for Westlake Academy is to strive to achieve academic excellence and develop life-long learning traits for the success of the students. As such, an academic honesty and honor code is necessary to support those endeavors.

All students are expected to act with integrity in regards to Academic and non-academic contexts. Any form of plagiarism, including downloading and using information from the internet without quoting sources, will be considered a violation of the code of conduct. We expect all students to be on their honor, and cheating will be dealt with severely.

Academic Dishonesty

Academic dishonesty is defined as:

- Engaging in any act of plagiarism by passing off ideas or words of another as one's own, using another's work without quoting sources, committing literary theft, or presenting an idea from an already existing source as new or original;
- Receiving or providing assistance on an assignment in or out of the classroom where collaboration is not explicitly condoned by the instructor;

- Stealing, attempted theft, or collusion with any who attempt to steal assessment materials.

Cheating, plagiarism, forgery and any other forms of academic dishonesty are considered severe discipline infractions and will be subject to the progressive discipline process outlined in the Parent/Student Handbook.

Honor Code

By means of an Honor Code, students practice responsible leadership, accept personal responsibility and develop strong character and create an atmosphere free from suspicion. At its core, the Honor Code is based on mutual respect and trust, serving as a written model for what is expected from students in terms of behavior, as well as a pledge to live by the school's values. All students will be required to support the traits identified in the IB Learner Profile by committing to the following:

Honor Pledge:

As an IB student, I am responsible to uphold a principled perspective in my personal and academic life.

All users shall be required to acknowledge receipt and understanding of all Board policies and administrative regulations governing use of technology. All users of Westlake Academy technology resources shall agree to comply with all policies, regulations, and guidelines.

All Academy technology resources are business assets, and should not be considered private. The Academy may access and review any use of technology resource, including, but not limited to: internet utilization, email content, and data created, transmitted, or stored on devices utilizing the Academy's technology resources.

Noncompliance may result in suspension of access or termination of privileges and other disciplinary action consistent with Academy policies, any applicable employee policies or procedures, and the Parent/Student Handbook. Access to the Academy's electronic communications system and/or technology resources will be governed as follows:

1. All users (or the parent/legal guardian of student users) will be required to sign a user agreement annually each August prior to issuance or renewal of any account utilizing the Academy's technology resources.

4. Users agree to change passwords when requested to do so by a supervisor or technology administrator. All passwords must remain confidential and may not be shared.
5. Any system/resources user identified as a security risk or as having violated Academy and/or campus technology use guidelines may be denied access to Westlake Academy's technology resources.

User Responsibilities for Technology Resources

The following standards will apply to all users of the Academy's technology resources:

1. Users are responsible at all times for the proper use of technology resources accessed through the user's ID/login. Users should take all reasonable precautions to prevent others from gaining access to their account(s).
2. The technology resources system may not be used for illegal purposes, in support of illegal activities, or for any other activity prohibited by Academy policy or guidelines.
3. Users may not disable, or attempt to disable, any content/media filtering devices on the Westlake Academy network.
4. Encryption methods other than those used and approved by the administrator may not be utilized.
5. System users may not use another person's user ID/login without written permission from the Superintendent or designee.

6. Students may not distribute personal information about themselves or others through the use of any Westlake Academy technology resources; including, but not limited to, personal addresses and telephone numbers.
7. Students should never make appointments to meet people whom they meet online and should report to a teacher or administrator if they receive any request for such a meeting.
8. System users must purge and/or make hard copies of electronic mail and files in accordance with established retention guidelines.
9. System users may not redistribute copyrighted programs or data except with the written permission of the copyright holder or designee. Such permission must be specified in the document or must be obtained directly from the copyright holder or designee in accordance with applicable copyright law, Academy policy, and administrative regulations.
10. System users should avoid actions that are likely to increase the risk of introducing viruses to the system, such as opening e-mail messages from unknown senders and loading data from unprotected computers.
11. System users may not install public domain programs to any device owned or maintained by Westlake Academy. Users may not download public domain programs for their own use, nor redistribute a public domain program. Users are responsible for determining whether a program is in the public domain.
12. System users may not use the Academy's technology resources to access, send, or post messages that are abusive, obscene, pornographic, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal.
13. The Westlake Academy network and related technologies are the property of the school and subject to inspection by administration at any time, including non-school owned electronic devices. Users should not have any expectation of privacy when utilizing the Westlake Academy's network, including all electronic communications devices or web-based systems.
14. System users should be mindful that use of school-related electronic mail addresses might cause recipients or other readers to assume they represent the school, whether or not that was the user's intention. Users have no authority to represent the Academy beyond that expressly given by the Academy.
15. Users may not engage in the wasteful use of the Academy's technology resources. This includes, but is not limited to, "spamming," use of internet bandwidth for non-educational purposes, or excessive printing.
16. System users may not gain unauthorized access to resources or information, or attempt to disrupt the performance of any of the Academy's technology resources by any means.

As such, a system user may not copy, download, disseminate, e-mail, or disclose Academy property to third parties not directly related to Academy business without the express written authority of the Superintendent.
18. Vandalism of any kind will require restitution for costs associated with hardware, software, and system restoration and may result in the revocation of access to the Academy's network or other technology resources.
19. This policy applies to any portable school-owned property (laptops, iPads, etc.) that may be issued to staff or other authorized parties. Users are required to follow all provisions of this policy when using these devices, even when they are removed from the premises.

Information from Third Parties

System users and parents of students with access to the Academy's technology resources should be aware that, despite the Academy's use of technology protection measures as required by law, use of the system may provide access to other electronic communications systems in the global electronic network that may contain inaccurate and/or objectionable material.

Any user and/or student who gains access, or knows of others accessing such material is expected to discontinue the access as quickly as possible and to report the incident to the supervising teacher/administrator(s).

A student knowingly bringing prohibited materials or media into the school's electronic environment will be subject to suspension of access and/or revocation of privileges on the Academy's system and will be subject to disciplinary action in accordance with the Student Code of Conduct.

An employee knowingly bringing prohibited materials or media into the school's electronic environment will be subject to disciplinary action in accordance with Academy policies.

Disclaimers

Opinions, advice, services, and all other information expressed by system users, information providers, service providers, or other third-party individuals in the system are those of the providers and not necessarily the Academy.

The Academy will cooperate fully with local, state, or federal officials in any investigation concerning or relating to misuse of the Academy's technology resources system.

Westlake Academy makes no expressed or implied guarantees that the activities or services provided by Westlake Academy technology resources will be error-free or without defect. Westlake Academy will not be responsible for any damages to users including, but not limited to loss of data, interruptions of service, personal or psychological damages, or financial losses. For the purposes of this policy, the term “electronic communication(s)” shall be defined as:

- a. Email
- b. Text messaging
- c. Instant Messaging

BOARD OF TRUSTEES POLICY**

Policy No. 3.13:

Date Board Adopted: August 16, 2010

Date Board Amended: May 7, 2012

Effective Date: May 7, 2012

Policy Category: Parent, Student and Faculty Relations and Expectations

Policy Name: IB Learner Profile Statements

Policy Goal: To pursue shared commitment between faculty, students and parents to build and nurture a flourishing International Baccalaureate (IB) learning community at Westlake centered on the philosophy of the IB.

Policy Description:

For quality education to occur, a partnership between parents, students, and faculty must unite towards a common vision and goals. As such, the Board of Trustees has established vision, mission, and values statements for Westlake Academy all grounded in Westlake Academy's strong roots in the International Baccalaureate (IB).

In order to bring this vision into the daily school life of our students, tools must be in place to connect the vision by emphasizing and cultivating the development of a learning community. This commitment is contained in the ten attributes of the IB Learner Profile. There is much written in educational literature about schools as "learning communities", centered on the faculty/staff, student and parents creating a learning community, which is often characterized as having these attributes:

- supportive and shared leadership
- collective creativity
- shared values and vision
- supportive conditions
- shared personal practice

The Academy's IB Learner Profile Statements

Are intended to help chart, reinforce and communicate to the parents, students, and faculty, not only the clear path necessary toward achieving a student's successful graduation, but the behaviors and ideals necessary to achieve that end. As such, the Board has developed statements toward establishing of the IB Learner Profile for faculty, students and parents.

The student portion of the IB Learner Profile, taken directly from the IB, is the students' overall development and achievement during the course of their educational career.

The faculty and staff section of the IB Learner Profile identifies and reinforces the professional conduct required to support our students while they are enrolled in our learning environment at Westlake Academy.

The parent statement portion of the IB Learner Profile affirms the importance of the parent's role in attaining a quality education for their child and supporting their student, as well as the staff, in achieving the long -term goal of creating a high quality learning environment. Parents are strongly encouraged to read and discuss these attributes with their children.

TOWN OF WESTLAKE WESTLAKE ACADEMY BOARD OF TRUSTEES POLICY

Policy No. 4.01:

Date Board Adopted: August 3, 2009

Date Board Amended: N/A

Effective Date: August 3, 2009

Policy Category: Financial Stewardship

Policy Name: Surplus Property Disposition

Policy Goal: Proper disposition of surplus Town assets acquired for Academy use in accordance with applicable local, State and other legal requirements and guidelines.

Policy Description:

- 1. Purpose.** The purpose of this policy is to describe the guidelines for the disposal of surplus, obsolete, and non-repairable Westlake Academy properties and fixed assets.
- 2. Effective.** Immediately on the date of its passage by the Board of Trustees.
- 3. Applicability.** This policy applies to all employees.
- 4. Disposal of Westlake Academy Property.** The CEO or designee, is authorized to sell worn-out, scrap, obsolete or unused personal property (“Surplus Property”) other than items routinely discarded as waste. Disposal may take the form of an on-site auction, Internet auction, recycling, or trash disposal.
- 5. General Information.** Westlake Academy may schedule items for auction that are considered economically unusable. These include fixed assets such as surplus, obsolete, or non-repairable properties. A Surplus Property Transfer Form signed by the department supervisor and CEO or designee is used to facilitate the transfer of these items for disposition. Arrangements for transfer are made based on available storage space and truck schedules for pick up. Every effort should be made to determine if a need for the surplus property exists anywhere else in Westlake Academy before a sale or disposal occurs. The CEO or designee maintains a list of surplus property scheduled for disposal. Other departments may

requisition any properties on the surplus list by sending a completed requisition form to the CEO or designee.

Property cannot be sold by the school, given to or taken by any employee for personal use, or disposed of in any manner other than described in this policy. All rights and titles to Westlake Academy property, whether real or personal, shall be vested in the Board of Trustees and its successors in office. The Board may, in an appropriate manner, dispose of property that is no longer necessary for Westlake Academy operations.

The CEO or designee is authorized to declare Westlake Academy materials, equipment, and supplies to be unnecessary and shall dispose of unnecessary materials, equipment, and supplies for fair market value. If the unnecessary property has no value, the CEO or designee may dispose of such property according to administrative discretion. Items obtained as federal surplus or with federal funds shall be managed according to federal regulations.

The CEO or designee shall establish procedures for the sale, at fair market value, of any surplus personal property such as books, equipment, and supplies. Items obtained as federal surplus or with federal funds shall be handled in accordance with federal regulations. Personal property includes any item owned by Westlake Academy not classified as real estate. Items of substantial value such as portable buildings and buses shall not be disposed of without advance Board notification under administrative regulations.

Monies collected from the sale of obsolete materials, equipment, and supplies shall be deposited to the Westlake Academy General Fund.

6. **Surplus Property:** Property no longer needed by Westlake Academy becomes surplus. If a need for the property is not known, it should be transferred to storage by using a Surplus Property Transfer Form.
7. **Westlake Academy Property Disposal Procedures:** Any property that is movable or not attached to the land (referred to as personal property) such as furniture, fixtures, vehicles, equipment, tools, instruments, clothing, or other such items of value, which has lost its useful value to the Academy or has become obsolete. Personal property does not include real estate such as land, including the building or improvements on it, or its natural assets, such as minerals and water.

Once items have reached their “end-of-useful-life” (as determined by the CEO or designee), the items will be classified as disposed property. Procedures for disposal are:

- a. Whenever an item of equipment is deemed to be obsolete or unfit for use, such equipment may be disposed of on a competitive basis, either by trade-in or outright sale to the highest prospective buyer.

- b. Items that cannot be sold in their original form, or lose their identity while in the possession of the Westlake Academy, may be sold as scrap, if deemed advisable, at the highest obtainable offer.
- c. The determination of the highest prospective buyer shall be made with the approval of the CEO or designee, or an authorized representative.

The CEO or designee coordinates a public sale of surplus property as needed for items that are no longer needed by Westlake Academy. Employees of Westlake Academy or the Town of Westlake will be permitted to purchase items at the sale on the same basis as all other buyers.

- a. Fixed Asset or Inventory items must be removed from Westlake Academy's inventory prior to disposal.
- b. Items should never be discarded at the department or campus level. Instead, items should be transferred to Surplus Property storage where they will then be sold in a Disposal Sale or discarded per instructions from the CEO or designee.
- c. Since there are many contributors to a Disposal Sale, proceeds are pooled and are not returned to any particular department's budget.

Westlake Academy property shall, at the option of the CEO or designee, be disposed of by one of the following methods:

- a. **On-site Auctions.** The CEO or designee advertises the auction in a local newspaper two weekends prior to the date of the auction. The advertisement shall indicate the time, date and location of the auction. The advertisement guidelines are as follows:
 - i. The advertisement must state that the Westlake Academy reserves the right to cancel or void any sale that has not been conducted in accordance with the terms of the auctioneer's contract;
 - ii. All sales shall be "as/where is";
 - iii. Payment must be made at the time of sale, and all sales are final;
 - iv. All sales will be for cash, money order, cashier's check, or check with Bank Letter of Guarantee; and
 - v. Westlake Academy shall not be responsible for any loss or damage to any article(s) sold at auction after the sale has been consummated.

The advertisement guidelines are as follows:

All items proposed for auction will be stored in a central location the day of the auction. Federally funded items are to be segregated on the auction floor. The sending department and the Finance Department will prepare the documents if required by federal and state guidelines.

The CEO or designee shall retain the right to remove any items from sale at the auction if the item does not yield at least 80 percent of the predetermined sales price or if the final sale is not in the best interest of Westlake Academy. An internal auditor must be present to serve as an independent observer to ensure compliance with auction procedures and must remain until all proceeds have been collected. The internal auditor will issue a written formal audit report to the Finance Director. Auction guidelines are as follows:

- i. Auctioneer. The auctioneer is selected by an open bid process conducted by the CEO or designee. The CEO or designee works with the auctioneer prior to the auction to verify that all items have been documented and have correct pallet and lot numbers on the auctioneer's coupon sales ledger. The CEO or designee provides the auctioneer with a copy of the auction lists, including a list of prices to establish a minimum bid price.
- ii. Vehicle Auction. All vehicles being sold at auction must have Westlake Academy emblems, license plates, and peripheral equipment (radios, sirens, etc.) are removed by the using department prior to the auction. The emblems are destroyed by the using department. The license plates are sent to the CEO or designee. After the sale, the CEO or designee releases the title to the new owner.
- iii. Collection and Distribution of Funds. All expenses incurred for the auction will be paid out of the receipts of the auction. The CEO or designee shall collect a desegregation form and applicable Tax Exempt Certificates from all buyers and collect and distribute all funds obtained from the auction. A minimum of two staff members will be required to process or collect all payments. Monies from the auction will be collected, in full, on the day of the auction, and submitted to the finance department.
- iv. Time Limit to Remove Auctioned Items. A maximum time limit of five days or less will be set by the CEO or designee, for the removal of all items after the auction. If items are not removed by this time, the items may be disposed of or re-auctioned. In such cases, no refund will be made to the buyer.
- v. Removal of Auctioned items. The new owner assumes all risks associated with moving or loading the property from the auction location. The CEO or designee, if necessary, will assist in loading the auctioned items, but assumes no liability for damage.

b. **Electronic Auction.** An auction Web page will be secured by CEO or designee to facilitate an online auction and the items for sale will be listed. A starting bid price and a reserve price, if applicable, will be assigned to each item on the lists created through a coordinated effort by the CEO or designee, and the sending department. Any items not sold on the online auction may be listed at the on-site auction. Procedures for the on-site auction will apply to the electronic auction.

c. **Donation, sale, or lease to Public Entities.** Property may be donated, sold, or leased to certain government or educational institutions. Prior to transfer, the Board of Trustees must declare no value or nominal value and that the Westlake Academy does not need the real property or improvements. The entity to whom the transfer is made has shown, to the satisfaction of the Board of Trustees, that the entity intends to continue to use the real property and improvements for public purposes.

The President of the Board of Trustees shall execute a deed transferring ownership of the real property and improvements to the municipality, county, state agency, or nonprofit organization. The deed must:

- i. Recite the resolution of the Board of Trustees authorizing the donation; and
- ii. Provide that ownership of the real property and improvements revert to Westlake Academy if the municipality, county, state agency, or nonprofit organization discontinues use of the real property and improvements for public purposes; or
- iii. Executes a document that purports to convey the property.

d. **Other Means of Disposal.** Property may be directly disposed of under the following circumstances:

- i. If the item is broken, unusable, and/or hazardous. Documentation and pictures must be provided for an item to be disposed of.
- ii. Offer the property as a trade-in for new property of the same general type if the CEO or designee considers that action to be in the best interest of the Academy.
- iii. Order any of the property to be destroyed or otherwise disposed of as worthless, if the Academy undertakes to sell that property and is unable to do so because no bids are received.
- iv. Competitive sealed bids following the guidelines of Chapter 252 of the Texas Local Government Code for competitive bidding.

8. **Transfer of Assets Purchased with Federal Funds:** When items purchased wholly, or in part, with federal funds are no longer serviceable or required by Westlake Academy, the CEO or designee ensures that all federal and state regulations are met before disposition of assets at public auction or through the competitive bid process.

9. **Texas Education Agency Approval to Dispose of Equipment:** The CEO or designee will ensure that any items requiring TEA approval prior to disposal shall be done in accordance with applicable TEA regulations and in accordance with the procedures outlined in this policy.

WESTLAKE ACADEMY
BOARD OF TRUSTEES POLICY**

Policy No. 5.02:

Date Board Adopted: August 3, 2009

Date Board Amended: August 12, 2013

Effective Date: August 12, 2013

Policy Category: Governance

Policy Name: Discipline

Policy Goal: Description of the discipline policy

Policy Description:

Our primary belief is that no student or member of the Westlake Academy community has the right to impede the education of another student. Any behavior, which is disruptive to the learning environment, will not be tolerated and appropriate disciplinary action will be taken, as necessary, to ensure the integrity of the learning environment. The Academy encourages parents to work with their children and school personnel to establish clear expectations for student behavior.

Staff and students will use the IB learner profile attributes as a basis for the development of a constructive behavior environment. Every effort will be made to develop positive consequences, which can be applied to individual students as well as classrooms. Consistency is important and will be a priority in decisions involving student behavior and discipline in order to establish firm and consistent limits for students. The IB program also establishes a positive educational environment for both the student and teacher.

Parent/Student Handbook

Each year, Westlake Academy shall make available the Parent/Student Handbook, which shall include a Code of Conduct that describes the acceptable standards of student conduct and the disciplinary consequences applicable to violations of the standards of conduct, school trip policies or other school or classroom rules. *Through their enrollment in the Academy, both parents and students acknowledge access to the Parent/Student Handbook, which is available on the school's website or in hard copy upon request.*

Revisions to the Handbook that are made during the school year shall be made available promptly to students, parents, teachers, administrators, and others.

Progressive Discipline

Generally, consequences for disregarding acceptable standards of conduct or school and classroom rules will include one or more of the following:

1. Warning from teacher or any member of school staff and reflection by student
2. Disciplinary action from classroom teacher, parent notification, and reflection by the student
3. For more serious offenses, Principal directed disciplinary action, parent notification, and reflection by the student
4. For repeated infractions or serious offenses, disciplinary action by the Principal or Superintendent, parent notification and reflection by the student

Disciplinary consequences will be reviewed by school personnel according to a grid system. The grid will identify types of offenses, which are categorized into three (3) levels based on severity. Each level will identify the disciplinary consequences that may apply to offenses within that level. The grid will be updated and published in the Parent/Student Handbook on an annual basis. Disciplinary consequences may include:

1. Detention / Restitution-Reflection Activity (RRA)

1. A student shall be disciplined when necessary to improve the student's behavior, to maintain essential order, or to protect other students, school employees, or property.
2. Students shall be treated fairly and equitably. Discipline shall be based on a careful assessment of the circumstances of each case following any applicable investigation. Factors that may be considered include:

- g. Provisions of the Parent/Student Handbook.
3. Investigative processes may include, but are not limited to:
- a. Personal accounts of teachers/staff members
 - b. Interviews/written statements of the student facing disciplinary action
 - c. Interviews/written statements of other students involved in or witnesses to the alleged incident
4. When applicable, the following steps will be taken to ensure Westlake Academy students receive appropriate due process:
- The student will be informed of the prohibited conduct or rule violation that he/she is alleged to have committed.
 - The student will be provided information related to the factual basis for the allegations.
 - The student will have an opportunity to respond to the allegations and provide any additional information relevant to the allegations, including any defenses or other mitigating factors.

Discipline Processes

As stated, conduct violations will be reviewed according to a discipline grid.

Level I – discipline consequences shall be handled by the classroom / subject matter teacher.

Level II and III – discipline consequences shall be handled by the Principal / Assistant Principal as appropriate.

School personnel may request immediate intervention by the Principal or Superintendent in any disciplinary matter. Parents will be notified promptly if a student's behavior may result in a disciplinary consequence that includes detention for which the parent may need to make alternative transportation plans for the student, in-school suspension, out-of-school suspension, or proposed expulsion.

The consequences for a serious offense may result in disciplinary action up to and including expulsion on the first offense.

Expellable Offenses

A student may be expelled if the student commits the following on or within 300 feet of school property, as measured from any point on the school's real property boundary line or while attending a school-sponsored or school-related activity on or off school property:

1. Engages in conduct punishable as a felony;

Gun-Free Schools Act

In accordance with the Gun-Free Schools Act, Westlake Academy shall expel any student who is determined to have brought a firearm, as defined by federal law, to school. 20 U.S.C. § 7151; Tex. Educ. Code §§ 12.104(b)(1), 37.007(e).

For purposes of this policy, "firearm" means:

1. Any weapon (including a starter gun) which will, or is designed to, or which may readily be converted to expel a projectile by the action of an explosive;
2. The frame or receiver of any such weapon;

It also means any type of weapon (other than a shotgun shell or a shotgun that is generally recognized as particularly suitable for sporting purposes) by whatever name known which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter; and any combination of parts either designed or intended for use in converting any device into a destructive device as described in this item, and from which a destructive device may be readily assembled. 18 U.S.C. § 921.

Expulsion Procedures

Before a student may be expelled, the student shall be provided a hearing at which the student is afforded appropriate due process as required by the federal constitution. The minimum procedural requirements necessary to satisfy due process depend upon the circumstances and the interests of the parties involved. Federal due process requires notice and some opportunity for a hearing. Upon recommendation for expulsion by a principal, a hearing shall be scheduled before the Superintendent or designee.

1. Notice. The notice shall contain a statement of the specific charges and grounds that, if proven, would justify expulsion. The student may be given the names of the witnesses against him or her and/or an oral or written report on the facts to which each witness testifies.
2. Hearing. The rights of the student may properly be determined upon the hearsay evidence of school administrators who investigate disciplinary infractions. The results and findings of the hearing should be presented in a report open to the student's inspection. *Dixon v. Alabama State Bd. of Educ.*, 294 F.2d 150 (5th Cir. 1961), cert. denied, 368 U.S. 930 (1961).
3. Representative. At the hearing, the student is entitled to be represented by the student's parent, guardian, or another adult who can provide guidance to the student and who is not an employee of the Academy. If the Academy makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the Academy may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.
4. Expulsion Order. The Superintendent shall deliver a copy of the order expelling the student to the student and the student's parent or guardian. Notice of the expulsion order shall also be forwarded to the student's home school district in compliance with state law.
5. Effect of Withdrawal. If a student withdraws from the Academy before an order for expulsion is entered, the principal or Board, as appropriate, may complete the proceedings, enter an order, and notify the student's home school district.

Disciplinary Appeals

Disciplinary consequences that do not result in removal from the regular classroom may be reviewed at the campus level, but may not be appealed beyond the campus level.

Out-of-School Suspension: A student assigned out-of-school suspension by a principal may appeal the decision to the Superintendent. The Superintendent or his/her designee will review the campus-level investigation and may conduct interviews or additional investigation if deemed appropriate. Within ten school days of receiving the appeal request, the Superintendent or designee will provide notice of his/her decision to: 1. Uphold the suspension; 2. Overturn the suspension; or 3. Assign an alternative consequence. The Superintendent or designee's decision is final and may not be appealed.

Expulsion: An order by the Superintendent or designee to expel a student may be appealed to the Board.

Policy No. 6.03:

Date Board Adopted: November 3, 2009

Date Board Amended: August 10, 2016

Effective Date: August 10, 2016

Policy Category: Student Achievement

Policy Name: Assessment and Grade Reporting Policy
Secondary – Middle Years Program and Diploma Program

Policy Goal: Definition, uniformity, and transparency in the Academy's Secondary (MYP and DP) assessment and grading policy.

Policy Description:

Grading Policy

Uniform assessment of achievement and grade reporting standards are an important component to support student success in the Secondary (MYP and DP) programs at Westlake Academy. In order to accurately reflect the academic achievement of students, the Academy shall develop grading standards that incorporate the following purposes:

- Reflect a student's mastery of the curriculum as demonstrated by the student's performance on exams, homework assignments, projects, etc.
- Allow the parent to easily identify and gauge their child's performance and progress
- Promote consistency across grade level(s) of assessment standards and grade reporting
- Assist colleges in determining the scope of a student's academic achievement
- Demonstrate college readiness
- Identify any subject area where a student may need additional assistance to reach educational goals

In order to promote the above-identified purposes and establish comprehensive grade assessment and reporting standards for the student body of Westlake Academy, Staff will develop uniform *grading/assessment guidelines* for all secondary grades and publish the information in the Parent/Student Handbook and on the Academy's web site on an annual basis. These guidelines will address the Academy's assessment philosophy and practices, the roles of summative and formative assessments, the role of grades, and the role of criterion-based rubrics and assessment.

Use of Assessments

Staff will administer a variety of assessments to measure student knowledge and progress throughout the year. The frequency and type of assessment utilized will be program specific (*i.e.* Middle Years or Diploma Program) and will be published in the Parent/Student Handbook.

In the Secondary School (Middle Years and Diploma Program), a student shall not be required to complete more than two major assessments/tests on the same day.

In addition, SENIORS in the Diploma Program sitting for the IB exams may be exempt from final exams based on criteria adopted by the Executive Principal or his/her designee.

Grade & Progress Reports

Westlake Academy will send home grade reports at the end of each quarter (approximately nine-week period). Additionally, parents shall receive interval reports on student progress once each semester by parent/teacher conference. This will allow parents to meet with teachers and briefly discuss their child's progress. Additional concerns may be addressed as needed at conferences scheduled at the request of the teacher or a parent any time during the school year.

Weighted Grades

The Academy shall identify courses for which weighted grades will be assigned and designate the courses and grade weighting procedures in the Parent/Student Handbook. The Academy shall record the weighted numerical grades on each student's academic achievement record.

When a transfer student enters Westlake Academy with an academic achievement record that includes a grade that was subject to a grade-weighting system from another school, the Academy shall convert the weighted grade to reflect the grading scale applicable to the same or equivalent course offered by Westlake Academy. This paragraph applies only if the same or equivalent course is offered to the same class of students at the Academy.

Evaluation of Credits for Transfer Students

The Academy accepts credits from other public schools accredited by the State of Texas. Transfer students may also request a transfer of credits from privately-accredited educational institutions. Upon receipt of a transcript, courses will be evaluated by Westlake Academy to determine if the course meets the requirements for graduation from a Texas high school, as well as any applicable standards for Westlake Academy. Parents/Students are responsible for providing any additional information requested by the Academy that it deems necessary for the evaluation of transfer credits.

In order to receive credit for completed coursework, students entering Westlake Academy from a non-accredited school or from home schooling must take credit-by-exam (CBE) tests approved in advance by Westlake Academy. Students are responsible for any applicable fees associated with these tests and must achieve acceptable test scores based on the standards of the administering organization.

Guidelines consistent with these policies will be developed by Staff and published in the Parent/Student Handbook.

Outside of the above circumstances, Westlake Academy is a non-ranking high school.

Operational guidelines consistent with the above policy directives will be detailed and published in the Program of Studies and or the College Application Handbook on an annual basis.

- iii) Provides information about future educational opportunities.
- iv) Helps provide information of the strengths and weaknesses of both the instructional program and the individual learner.

In consideration of the need to establish relevant and comprehensive grade reporting and assessment policies for the PYP student body of Westlake Academy, the following ratings and descriptors will be utilized by the Staff to indicate academic performance, as well as effort in subject-based and unit of inquiry reports with regard to higher order thinking, critical concepts, content and skills on primary report cards.

<i>Higher-Order Thinking Skills</i>	<i>Command Terms</i>
Create	design, construct
Evaluate	justify, synthesize, appraise, comment
Analyze	deduce, investigate, argue
Apply	measure, present, calculate, predict
Understand	describe, recognize, classify, explain,
Remembering	list, identify, define, recall, label
<i>Lower-Order Thinking Skills</i>	

PERFORMANCE DESCRIPTORS (Kindergarten-Grade 5)

Meets with Excellence 4	The learner <i>evaluates and creates</i> new and deeper understandings that are applied beyond grade level standards. The learner consistently applies knowledge and skills to unfamiliar situations through independent investigation, uses higher-order thinking to demonstrate understandings through reflections, work samples, and discussions. The learner takes responsibility through student-initiated actions and strives to achieve his/her highest individual potential in all endeavors.
Meets with Proficiency 3	The learner meets grade level standards by <i>applying and analyzing</i> knowledge. The learner uses higher-order thinking with knowledge and skills in familiar situations to communicate understanding through reflections, and work samples.

Developing Proficiency 2	The learner is approaching the proficient level of <i>remembering and understanding</i> . The learner can use lower-order thinking (to demonstrate knowledge. Teacher support is sometimes needed to encourage self-directed learning. Grade level standards of knowledge and skills continue to develop with increasing independence.
Require Support to Meet Proficiency 1	The learner is struggling to reach proficiency in relation to grade level standards. Teacher support is regularly given for the student to engage in lower-order thinking. The teacher must guide learning and skill development because the learner has not reached an independent level.
Not Applicable (N/A)	This strand has not been formally assessed at this point in the school year. In- depth study in this area will be addressed next semester.

*See relevant command terms for Higher and Lower Order Thinking Skills in Student-Parent Handbook

EFFORT DESCRIPTORS (Grade 3-5)

Exceptional Effort 4

Motivated, active learner	The learner consistently and confidently demonstrates a willingness to work hard and is driven by external (peer and parental expectations), as well as internal (interest and desire to achieve their highest individual potential) factors.
Organized/Prepared	The management of time is used effectively and appropriately to plan and carry out activities. The learner is reflective about sharing information with an audience and is always well prepared with materials and resources.

Very Good Effort 3

Motivated, active learner	The learner demonstrates willingness to work hard and appears driven by external (peer and parental expectations), as well as internal (interest and desire to do well to achieve their potential) factors.
Organized/Prepared	The management of time is not always used effectively and appropriately to plan and carry out activities. The learner shares information but not always with the audience in mind, and could be better prepared with materials and resources.

Good Effort 2

Motivated, active learner	The learner works to meet the minimum expectations and does not demonstrate the independence and drive. External motivation is needed on a regular basis to achieve more than is required.
Organized and prepared	Support is needed in the management of time and to plan and carry out activities. The learner needs support in organization of materials and resources.

Improvement Needed 1

Motivated, active learner	The learner seldom demonstrates willingness to work hard to potential. External factors (peer and parental expectations) and teacher intervention tend to be the only source of motivation to accomplish work of a satisfactory or better standard.
Organized and prepared	Time is not used effectively and appropriately to plan and carry out activities. The learner shares information without care and does not see a purpose. The learner is always assisted in the preparation of materials and resources.

Details for Bloom's Taxonomy and Command terms are expanded and explained in the PYP Student-Parent Handbook.

Report Cards - Westlake Academy will send home two (2) primary report cards each year. The report cards will be sent home in December and May of each year.

Parent-Student-Teacher-Meetings – Staff will conduct two (2) parent/student/teacher conferences per year for every primary student: a goal-setting conference during the first semester and a student-led conference during the second semester. This will allow parents/students to meet with teachers to discuss student progress, and, in the case of student-led conferences during the second semester, witness the demonstration of understanding firsthand. Parents or teachers may request additional conferences at any time during the school year to discuss student progress and concerns.

In addition to the above meetings, parents and students will be invited to attend conferences at the beginning of October to discuss how their son or daughter has settled into their new class and their initial learning goals.

Policy Description:

Consistent with TEA's Student Attendance Accounting procedures, a student who will be confined for a minimum of four (4) weeks to a hospital or homebound for medical reasons that are specifically documented by a physician licensed to practice in the United States may be eligible to receive general education homebound services. Date Board Adopted: November 5, 2012

Date Board Amended: November 17, 2014

Effective Date: November 17, 2014

Policy Category: Student Achievement

Policy Name: Promotion and Retention

Policy Goal: Describe the standards for promotion based on mastery of curriculum and the criteria/circumstances for consideration of student retention based on unsatisfactory academic achievement.

Policy Description:

The curriculum of Westlake Academy as an IB World School requires students to embark on the rigorous International Baccalaureate Organization (IBO) coursework found in the Primary Years Programme, Middle Years Programme, and the Diploma Programme. The curriculum content aligns the Texas Essential Knowledge and Skills (TEKS) requirements and the IBO learning outcomes. Instructional programs shall be developed at each grade level to implement the curriculum in a manner that supports the Academy’s vision to “...inspire students to achieve their highest individual potential.”

In order to ensure academic achievement and the mastery of the necessary skills to advance to each subsequent grade level, the Staff of Westlake Academy will develop specific guidelines and procedures for instructional programs and course content, which will be published in the Parent/Student Handbook on an annual basis. Instructional programs are developed with the expectation that students will progress through the curriculum for one grade level each academic year.

Promotion

Students shall be promoted based on academic achievement and demonstrated proficiency of the subject matter or grade level. In addition to other factors that must be considered for promotion under state law, mastery of the curriculum for a particular grade/subject will generally be determined based on a final passing grade of 70 or higher and demonstrated mastery of the skills necessary for success at the next level.

To evaluate a student's mastery of the curriculum, principals may review and consider the following when making recommendations and/or decisions related to promotion:

- School-work and achievement records for the student (internal assessments, report cards, etc.)
- Recommendations from current or previous instructors/teachers
- External standardized achievement exams (mandatory state assessments, the International School's Assessment and other tests deemed appropriate by the Executive Principal or his/her designee)

In addition to the above considerations, all promotion decisions must comply with applicable state law related to performance on required state assessments. A student may not be promoted to a sixth grade program if the student does not perform satisfactorily on the fifth grade mathematics and reading assessment instruments; and a student may not be promoted to the ninth grade program if the student has not performed satisfactorily on the eighth grade mathematics and reading assessment instruments unless an exception applies under the state assessment requirements that exempts the student from administration of the fifth or eighth grade assessments. Tex. Educ. Code 28.0211(a).

The Academy is not precluded from retaining, in accordance with state law, a student who performs satisfactorily on a grade advancement test. Tex. Educ. Code 28.0211(g).

Advanced Promotion

The Board also recognizes that a student may progress at an advanced rate such that the student is prepared to pursue coursework in a grade or subject area above the student's corresponding grade level based on age. The principal and/or a parent may initiate a request for a student to advance beyond the next grade level or in a particular subject area beyond the next grade level. In responding to such a request, the principal will review all the data identified above for promotion decisions as well as the following additional information:

- Teacher recommendations that include social-emotional aspects and maturity of the student, and the student's attitude toward learning and independent study in order to help determine the potential success of the student in the promoted course/grade
- Documentation of additional academic work completed outside the normal classroom hours, and activities (academic competitions, summer camps, advanced tutoring programs, and/or on-line coursework, etc.)
- If deemed necessary, performance on additional assessment(s) identified by the principal to determine the appropriate placement of the student and the student's ability to advance in the applicable coursework.

Credit for Graduation Requirements

Credit must be earned for any course required for graduation. A student seeking credit for a course without receiving instruction in the course from Westlake Academy must meet all of the criteria for promotion along with the following:

1. The student shall complete a standardized exam, such as the Texas Tech high school exit-level course(s) or a similar assessment from a credit-awarding institution. The student must achieve a score of at least 90% or higher in order to receive credit for the course at the Academy.
2. All exams must be pre-approved by the principal(s).
3. The student shall be responsible for any associated exam fees required by the testing institution.

Upon receipt of a request for credit under this section, the principal(s) should complete the review and consideration of the identified criteria within 15 days of the initial request and communicate a decision to the student and parents regarding whether the proposed alternative for obtaining credit will be accepted by Westlake Academy.

Retention

If either a parent or the Academy identifies a concern regarding a student's ability to advance to the next grade level, state and/or internal assessments may be administered to assist the Academy in determining if a student has attained the necessary educational understanding to advance. Additional evaluation may include, *but is not limited to*, consideration of grade/subject specific examinations, essays, homework assignments, group and individual projects, and state mandated assessments.

Summer School/Alternative Educational Programs

Students, who do not meet the necessary requirements for advancement, must complete comparable coursework in summer school or through an alternative education program in order to avoid retention at the current grade level. **A student who fails two (2) or more core classes may not advance to the next grade level.**

Students who do not satisfactorily complete a course required by the state or the Academy for high school graduation must complete the course through a summer or alternative educational program approved in advance by the Executive Principal/Director of Education or his/her designee prior to being considered for graduation from Westlake Academy. Students who fail a core course must satisfactorily complete and attain a passing grade in the class during the summer session immediately following the academic year in which the class was failed to avoid retention.

If the course is not offered at Westlake Academy, it is the parent/guardian's responsibility to locate a summer school or alternative educational program within their home district for remediation that is acceptable for credit and approved by the Executive Principal/Director of Education or his/her designee. Westlake Academy reserves the right to accept or deny summer school credit.

Prior to attending summer school or any alternative educational program, parents and students should obtain written approval from the Executive Principal/Director of Education or his/her designee to ensure that the program is acceptable to the Academy and to identify the required standards for the student to transfer the credit to the Academy.

State Assessments and Remediation

The Board of Trustees and the Staff of Westlake Academy are committed to student success on state-mandated assessments and take seriously the obligation to provide students the assistance they need to support an opportunity for students to succeed.

All students at state-mandated assessment testing grade levels (Grades 3-11), will be taught the content contained within the Texas Essential Knowledge and Skills (TEKS) curriculum to ensure appropriate readiness for the successful completion of all state-mandated assessments. Students who are not making adequate progress will receive remedial assistance in accordance with state law requirements. A schedule(s) for accelerated instruction will be developed by Staff and communicated to the parent/guardian of the students needing additional assistance.

Operational guidelines consistent with the above policy directives will be detailed and published as necessary by Academy Staff in the Parent/Student Handbook on an annual basis.

Date Board Adopted: November 7, 2016

Date Board Amended: N/A

Effective Date: November 7, 2016

Policy Category: Special Education

Policy Name: Special Education Video/Audio Monitoring

Policy Goal: Promote student safety and provide transparency in the educational services provided to certain special education students.

Policy Description:

Purpose of Video Surveillance

The purpose of the video surveillance allowed under this policy is to promote student safety in certain self-contained classrooms and other special education settings. In accordance with Texas Education Code Section 29.022, a parent, trustee, or staff member may submit a request for the Academy to provide video equipment in a classroom in which a student who receives special education services in a self-contained classroom or other special education setting is enrolled.

Procedures for Authorized Video Surveillance

- A written request for video surveillance in special education settings may be submitted to the Westlake Academy Executive Director. The Executive Director shall review the request and either: 1. forward the request to the appropriate staff to implement video surveillance in accordance with this policy and any applicable administrative procedures; or 2. provide the requestor a response regarding why the request is deficient.
- Upon receipt of a proper request, the Academy shall place, operate, and maintain one or more video cameras in self-contained classrooms or other special education settings in accordance with Education Code 29.022 and 19 Administrative Code 103.1301.

- Authorized video surveillance shall include audio recording capability and will capture all areas of the self-contained classroom except that no video surveillance shall be conducted of the inside of a bathroom or other area used for toileting or diapering a student or removing or changing a student's clothes.
- Authorized video surveillance will be operational at all times during the instructional day when students are in the self-contained classroom during the regular school year and during any extended school year services. Video surveillance shall continue for as long as the classroom or setting continues to satisfy the requirements of Texas Education Code Section 29.022(a).
- Written notice shall be provided to staff members assigned to special education self-contained classrooms and to the parents of students who are assigned to special education self-contained classrooms prior to installation of the video cameras and, after installation, annually by September 1 of each calendar year.
- Westlake Academy may post a notice at the entrance of any self-contained classroom or other special education setting in which video cameras are placed stating that video and audio surveillance are conducted in the classroom or setting.
- Video recordings shall be retained for a minimum of six months.

Confidentiality & Access to Video Surveillance

Regular or continual monitoring of surveillance video is prohibited. Additionally, video recordings may only be viewed in accordance with applicable law and the procedures adopted by Westlake Academy. Video recordings shall not be used for teacher evaluation.

The Academy will protect the confidentiality of all parties involved under Education Code 29.022 and 19 Administrative Code 103.1301. As such, unauthorized use or disclosure is prohibited. Unauthorized disclosure of confidential or privileged information is a serious violation under this policy and will subject the person(s) who made the unauthorized disclosure to appropriate discipline, including removal/dismissal.

Video recordings may only be viewed by the following individuals, to the extent not limited by the Family Educational Rights and Privacy Act (FERPA).

The Academy shall release a recording for viewing by:

1. A staff member or other school employee or a parent of a student involved in an incident that is documented by a video recording for which a complaint has been reported to the Academy, on request of the staff member, employee, or parent, respectively;
2. Appropriate Department of Family and Protective Services (DPS) personnel as part of an investigation of alleged or suspected abuse or neglect of a child under Family Code 261.406;

3. A peace officer, a school nurse, a school administrator trained in de-escalation and restraint techniques as provided by commissioner of education rule;
4. Appropriate TEA or State Board for Educator Certification personnel or agents as part of an investigation.

If a recording documents possible abuse or neglect of a child under Family Code, Chapter 261, individuals reviewing the recording must submit a report to DFPS or other authority in accordance with applicable law.

If any person described by item 2, 3, or 4 above views a video recording and believes that it documents a possible violation of school policy, the person may allow access to the recording to appropriate legal and human resources personnel of the Academy to the extent not limited by FERPA or other law. A recording believed to document a possible violation of Academy policy may be used in a disciplinary action against school staff and shall be released in a legal proceeding at the request of a parent of the student involved in the incident documented by the recording. A recording believed to document a possible violation of Academy policy must be released for viewing by the employee who is the subject of the disciplinary action at the request of the employee.

Staff members whose assigned duties for Westlake Academy include installing, operating, and/or maintaining the video surveillance equipment or recordings will be provided access to surveillance equipment and recordings to the extent necessary to insure the efficient and effective implementation of this policy.

Procedures for Reporting a Complaint

To report a complaint of an alleged incident in a self-contained classroom or other special education setting in which video surveillance under Education Code 29.022 and 19 Administrative Code 103.1301 is conducted, parents and/or staff members should do the following:

- Report the incident in writing to the programme principal using the form developed by the Academy;
- Programme principal will view the relevant portion of the video recording to determine if an incident was recorded;
- If the reported incident is recorded on video, the programme principal shall arrange for the person submitting the complaint to view the video, if requested;
- Programme principal will also investigate the incident by interviewing any parties deemed necessary to determine the facts of the incident; and
- Parents will be notified of the status of an investigation and given a written report of all determined facts and conclusions.

If reporting process does not resolve the complaint, a formal complaint should be filed under the provisions provided in the Parent/Student Handbook. Additionally, complaints alleging violations of this policy should be addressed through the grievance procedures provided in the Parent/Student Handbook or other dispute resolution channels.

FERPA

State law does not limit the access of a student's parent to an educational record of the student under FERPA or other law. To the extent any provisions in Education Code 29.022 and 19 Administrative Code 103.1301 conflict with FERPA or other federal law, federal law prevails.
