Except as provided below, in the event of any conflict between the UDC and the Applicable Town Ordinances, the terms, provisions and intent of the UDC shall control.

SECTION 6 CONCEPT PLAN, DEVELOPMENT PLANS, AND SITE PLANS.

Section 6.1 PD Concept Plan The PD concept Plan attached to this PD Ordinance consists of drawings generally labeled as follows: (1) "PD Concept Plan - Planning Area"; (2) "PD Concept Plan - Land Uses Alternative A-1 - Development With Golf"; (3) "PD Concept Plan - Open Space & Trail System Alternative A-1-Development With Golf"; and (4) "PD Concept Plan - Thoroughfares". Except as otherwise provided by this PD Ordinance or the PD Supplement,

each of these drawings is a part of this PD Ordinance, and all graphic depictions contained on such drawings are considered "regulatory" standards.

A. PD Concept Plan - Planning Area The drawing labeled "PD Concept Plan -Planning Area" identifies the general boundaries of the PD District for the "Circle T Planning Area No. I -East Residential". The exact boundaries of the PD District are shown on the metes and bounds description attached hereto as Exhibit 1. Any information shown on this drawing that is outside the boundaries of the PD District is not considered part of the PD Concept Plan or this PD Ordinance and does not bind or otherwise affect development within the PD District.

B. PD Concept Plan - Land Uses The drawings labeled PD Concept Plan - Land Uses Alternative A-1 - Development With Golf" identify the general categories of land uses that are permitted within the PD District sub-areas for the two development alternatives that are allowed (at the option of the owner) within the PD District. These drawings also include an estimate of the size of such sub-areas. For non-residential sub-areas, the drawings indicate the applicable floor area ratios and an estimate of total floor area. The estimates of total floor area, however, are provided for informational purposes only and are not "regulatory" standards, and to the extent, if any, that the actual total floor areas differ from the estimates, such differences shall not require an amendment to the PD Concept Plan. For single family sub-areas, the drawings also identify minimum lot sizes. These drawings also identify open space areas; however, such open space areas are more specifically discussed in Subsection C below. Any information shown on these drawings that is outside the boundaries of the PD District is not considered part of the PD Concept Plan or this PD Ordinance and does not bind or otherwise affect development within the PD District. To the extent, if any, that the drawings illustrate the detailed layout of golf course features (such as tee boxes, fairways, and greens) or detailed building "footprints", such detailed illustrations are not considered part of the PD Concept Plan or this PD Ordinance and do not bind or otherwise affect development within the PD District.

C. PD Concept Plan - Open Space & Trail System The drawings labeled "PD Concept Plan - Open Space & Trail System Alternative A-1 - Development With Golf", identify public open space, private open space, and private golf (together with an estimate of the size of such areas). These drawings also identify the general location of public hike and bike trails and public equestrian trails (which locations are not to scale). Any information shown on these drawings that is outside the boundaries of the PD District is not considered part of the PD Concept Plan or this PD Ordinance and does not bind or otherwise affect development within the PD District.

D. PD Concept Plan - Thoroughfares The drawing labeled PD Concept Plan-Thoroughfares" identifies major thoroughfares proposed for both development alternatives within the PD District Local Residential Streets.

Section 6.2 PD-Development Plans Because of the level of detail contained in the PD Concept Plan, the Board (at the time this PD District was established) waived the requirement for development plans. Based on such waiver, development plans shall not be required for development within this PD District.

Section 6.3 PD Site Plans PD site plans are required for development within the PD District. Article 1, Section 3.4, of the PD Supplement governs the process by which PD site plans are submitted and approved (including, but not limited to, the submittal requirements, approval criteria, and conditions).

Section 6.4 PD "Informational" Plans There are also attached to this PD Ordinance for informational purposes only: (1) a drawing labeled "Circle T Ranch - Planning Areas" which illustrates the general boundaries of all Circle T Planning Areas; (2) a drawing labeled "Circle T Ranch - Land Uses" which illustrates the general land use categories for all Circle T Planning Areas; (3) a drawing labeled "Circle T Ranch - Open Space & Trail System" which illustrates the open space and trail system for all Circle T Planning Areas; and (4) a drawing labeled "Circle T Ranch - Thoroughfares" which illustrates the thoroughfares for all Circle T Planning Areas. These "informational" drawings are not part of the PD Concept Plan or this PD Ordinance, and nothing contained on any of these drawings shall bind or otherwise affect the development of this PD District.

- C. 40 feet for lots equal to or greater than 30,000 square feet but less than 150,000 square feet; and
- D. 50 feet for lots equal to or greater than 150,000 square feet.

Section 7.3 General

A. Required rear yards must be open and unobstructed except for fences and signs allowed by this PD Ordinance; provided, however, ordinary projections of window sills, belt courses, cornices, and other architectural features may not project more than 12 inches into the required rear yard. A fireplace chimney may project up to two feet into the required rear yard if its area of projection does not exceed 12 square feet. Roof eaves may project up to three feet into the required rear yard. Balconies may not project into the required rear yard.

B. The rear yard setback is measured from the rear lot line.

C. A person need not provide a full rear yard setback for an accessory structure if the structure does not exceed 15 feet in height. Accessory structures include, but are not limited to, swimming pools, game courts, fences, and garages. Where the rear yard is adjacent to an alley, a three-foot setback must be provided. Where the rear yard is not adjacent to an alley, no setback is required.

SECTION 8 SIDE YARD SETBACKS

Section 8.1 Office The minimum side yard for the office sub-area shall be 75 feet.

Section 8.2 Single Family The minimum side yard for the single family sub-areas shall be as follows:

- A. 10 feet for lots less than 15,000 square feet;
- B. 15 feet for lots equal to or greater than 15,000 square feet but less than 30,000 square feet;
- C. 20 feet for lots equal to or greater than 30,000 square feet but less than 150,000 square feet, and
- D. 30 feet for lots equal to or greater than 150,000 square feet.

Section 8.3 General

- A. Required side yards must be open and unobstructed except for fences and signs allowed by this PD Ordinance; provided, however, ordinary projections of window sills, belt courses, cornices, and other architectural features may not project more than 12 inches into the required side yard. A fireplace chimney may project up to two feet into the required side yard if its area of projection does not exceed 12 square feet. Cantilevered roof eaves may project up to three feet into the required side yard. Balconies may not project into the required side yard.
- B. The side yard setback is measured from the side lot line, except when a front yard is treated as a side yard, in which case, the setback is measured from the lot line or the required right-of-way, whichever creates the greater setback.
- C. Air conditioning units may be located in the required side yard, but not nearer than one foot to the property line.
- D. A person need not provide a side yard setback for an accessory structure if the structure does not exceed 15 feet in height and is located in the rear 30 percent of the lot.

SECTION 9 SLOPE REQUIREMENTS

Section 9.1 Residential Slope Except as provided below, non single family structures shall not exceed the height of a line drawn at a slope of 5:1 (including streets and other rights of way) from any single family lot line. If the grade of the ground rises or falls from the point of origin of the slope line, the maximum height shall increase or decrease by the difference in grade.

Section 9.2 Roadway Slope Non single family structures shall not exceed the height of a line drawn at a slope of 2:1 (including streets and other rights of way) from the right-of-way line of any roadway. If the grade of the ground rises or falls from the point of origin of the slope line, the maximum height shall increase or decrease by the difference in grade.

SECTION 10 ALTERNATIVE ROADWAY STANDARD

A PD Site Plan in compliance with Concept Plan Alternative A-1 may be approved with Local Residential Streets that comply with the right-of-way, paving, and landscape zone dimensions shown on Figure 1. In all cases the minimum lot sizes shall be made using the standard rights of way road widths. The front yard building line setback is established on the basis of standard rights-of-way widths and shall remain in the same location even if 35' rights-of-way are permitted. Sidewalks need not be provided so long as the Site Plan includes a private trail system with connections to the public trail system. All streets will be private and gated with the maintenance provided by the owners under an agreement to be filed with the preliminary plat.
